## **SUNSCREEN CONSENT FORM 2022**

We try our best to keep the children Sun Safe by increasing awareness and reinforcing healthy sun safe behaviour among children and staff, as well as following recommended best practices that include:

- Encouraging the children to wear their hats outside
- Playing in the shade
- Covering up
- Using broad spectrum sunscreen that is 30 spf or higher.

We keep sunscreen at the centres to ensure that it is applied as recommended. We follow the Canadian Cancer Foundations tips on choosing sunscreen products that are available and safe for children. [Health Canada](#) regulates the safety, effectiveness, and quality of sunscreens in Canada. Sunscreen products are classified as drugs and must meet the requirements in Canada's [Food and Drugs Act](#) before they may be imported, advertised, or sold in this country.

Because of this regulation by Health Canada, we require your permission to provide sunscreen to your child.

## **Early Placement Letter**

**For children who will be attending summer care prior to attending Kindergarten in September 2022**

Community Care Facilities Licensing requires that parents of children who will be attending Kindergarten in September 2022 write a letter requesting early placement in school age child care for the summer.

Please include the following in your letter:

- The date
- Address the letter to Spare Time Challenge Club
- Request early placement and the reason why (e.g., to prepare for Kindergarten, to encourage comfort in a group setting, etc.)
- Sign the letter

You can email the letter with this enrolment package or drop it off at the centre. Please provide the letter as soon as your summer weeks have been confirmed, as the letter must be submitted to licensing and approved **before** your child can attend.

**LEADERS INTERMITTENT SUPERVISION FORM**  
**(Children entering grades 4 - 8 ONLY)**

One of the goals of the Spare Time Centres is to design programs that meet the needs of each of our age groups. We believe that as children grow older, they should be given all possible opportunities to exhibit more responsible behaviour and independence of action.

One of our age groups – Leaders – can benefit and develop by being allowed to organize and participate in certain activities with “Intermittent Supervision.”

Activities carried out with “Intermittent Supervision” are controlled but not with our otherwise constant visual checking. Rather, participants are checked at carefully timed intervals by a staff person, allowing them room for development of this responsibility and independence of action.

Intermittent Supervision activities could include:

- A group of Leaders wanting to play on the basketball court by signing out on an out-door list and having a Staff person check on the progress of their game every 10 - 15 minutes.
- A group of Leaders wanting to play on the playground and having a Staff person check on the progress of their game every 10 - 15 minutes.

Your child \_\_\_\_\_ is in the Leader Group and in order that he/she might participate in activities such as those described above **WE REQUIRE YOUR PERMISSION FOR INSURANCE PURPOSES.**

**YES** I will permit my child to participate in activities with “Intermittent Supervision”

**NO** I wish my child to be supervised at all times
